

Calveley Academy
Monitoring and Assessment Policy

At Calveley Academy, we are proud to deliver a rich and creative learning experience that enables all the children to fulfil their potential. Our vision puts children first. We aim for all children to be successful, independent learners and effective decision makers. We value the individual and are committed to an inclusive education promoting respect for all, working in partnership with governors, parents and the local community.

Safeguarding and Online Safety

All staff have had appropriate child protection and safeguarding training with the Head of School and Assistant Head being the designated leads responsible for monitoring safeguarding issues in school. We actively encourage our children to use modern technology to the fullest of its potential. In this school we believe that the best protection from the dangers that can exist around online safety is to develop pupil's awareness through our teaching and their learning. All staff have had PREVENT training and are aware of the dangers that can exist to children's well-being in its many forms.

The emotional health and wellbeing of all members Calveley Academy (including staff, pupils, parents and carers) is fundamental to our philosophy and ethos 'valuing everyone, caring for each other, achieving excellence'.

Calveley Academy **Monitoring and Assessment Policy**

Monitoring of teaching and learning is to ensure the delivery of high-quality lessons for all our pupils. Monitoring should be a fair and transparent process that improves outcomes for children.

The way we monitor is structured as follows:

Observations of lessons

These will take place regularly, centered on a whole school theme. Each time there will be a different focus. Observations will involve watching a lesson followed by a discussion with the individual teacher. A write up will be produced and targets will be set based on areas for development.

Drop in observations

From time to time observations of individual teacher's lessons will take place at short notice. This is designed to maintain our high standards throughout school.

Planning, Assessment and Book Scrutiny

During weekly Key Stage team meetings, aspects of planning and assessment will be reviewed. This will be an opportunity for teachers/teaching assistants to discuss how the children have reached specific targets and how their learning is being developed.

To ensure continuity and quality of learning subject leaders will review: lessons, planning and class work. This will be fed back to staff and targets will be given.

Moderation of work and data

All staff will also take part in moderation of test results; data and each other's work through termly moderation meetings that follow assessment week (see time table below).

Performance management

This will take place in the Autumn Term and follow the school policy.

Target setting

Each teacher (EYFS-6) will be set a class target in reading, writing, grammar and maths. This will be for attainment and progress expected for the individual children.

Use of books

All books should focus around the setting and understanding of 2014 curriculum objectives. It is up to us as teachers to ensure standards in learning and teaching are high and that pupils are challenged at an

Calveley Academy
Monitoring and Assessment Policy

appropriate level in their own learning. We must aim to challenge all pupils through extending and differentiating their work accordingly. We will also work in a ‘mastery’ approach of learning.

Assessment (SEE ASSESSMENT TIME TABLE)

The aim of assessment in this school is to move forward children’s learning.

Assessment takes many forms and it is important that our assessments are always used to inform children’s learning. We must strive to maintain the highest standards at all times in all our lessons and assessment is one tool for this.

All assessment will be recorded, using online Target Tracker.

This should include (with year group variations):

- Autumn Spring and Summer assessment to include:
 - Reading, writing, maths and grammar summative assessment.
 - Spelling age
 - Phonics stage and for year 1 phonics score
 - EYFS
 - WPM, reading age
 - Wellbeing score

Reporting to Parents

Parents evening will be held three times a year and pupils will be encouraged to attend so progress, expectations, target setting and support from home can be discussed. Parents will also receive a yearly report.

Each year parents will receive a written school report, which will comment on achievements and successes throughout the school year. This report will also include:

- Reading Age
- Spelling Age
- Attainment against standards for the appropriate year group
 - Reading
 - Writing
 - Grammar
 - Maths
 - Science
- Phonics score (where applicable)
